

**SR 522 Snohomish River Bridge, Monroe, WA; Scarsella Brothers, Inc. for the Washington Department of Transportation**

White Shield is supporting Scarsella Brothers and WSDOT with survey services for the construction of a new four lane bridge across the Snohomish River as part of the widening of four miles of SR 522 to four lanes from just west of the Snohomish River Bridge to 179th Avenue SE in Monroe. The overall project involves four new bridges, including the 1/3-mile bridge across the Snohomish River, median barriers to separate oncoming traffic, a roundabout at 164th Street SE, a noise wall, wildlife crossing, and upgraded lighting and signing. White Shield survey crews are providing construction staking and structure surveys over a four mile stretch of SR 522 from milepost 20.23 to milepost 24.61.
